If you are accepted into our Dietetic Internship Program, additional instructions on the application process to the SFSU Graduate Division will be sent to you. The Dietetic Internship Program at SFSU is a full-time, 11-month, non-degree-conferring academic program, from mid-July through early June.

***Dietetic Internship Centralized Application System (DICAS)**

The DICAS portal will be available on December 1, 2021 for the Spring 2022 Match. The portal may be accessed at <https://portal.dicas.org>. The entire on-line application must be completed by 11:59PM Central Time on February 15, 2022 for our program. Please note that other programs may have earlier deadlines. The fee (subject to change) for DICAS is \$50 for the first DI program application and \$25 for each additional DI program application. Follow the directions carefully on DICAS to ensure that your application is complete and accurate. The DICAS portal will require applicants to:

1. Complete all sections of the standard program application including demographics, education, activities, honors, work experience, volunteer experience, coursework, DPD course list form, resume, and grades.
2. Submit your SFSU personal statement on DICAS and target it to be submitted to the SFSU Dietetic Internship program. Answer all the standard DICAS personal statement questions **plus the following**, all in one single personal statement within the allowed number of characters per the DICAS application.
 - a. Describe one of your achievements that you are most proud of and explain why you are proud of it.
 - b. At the very bottom of your personal statement, list three words (or three very short phrases) that you believe describe your personality and/or your work style/learning style. Do not elaborate or explain further.
3. Send official transcripts from all colleges and universities attended to DICAS per their instructions:
https://help.liaisonedu.com/DICAS_Applicant_Help_Center/Sending_Your_Official_Transcripts_to_DICAS/Sending_Official_Transcripts_to_DICAS/1_Sending_Official_Transcripts
Be sure to follow the instructions on DICAS and request transcripts in a timely manner so that they can be posted on time to your application. Please include Fall grades if possible (Winter grades probably will not be available).
4. Ask DPD Directors to submit DPD Verification Statement or Declaration of Intent to Complete form on DICAS. Be sure to follow instructions on DICAS and enter the request in a timely manner so that DPD Directors have adequate time to complete the form.
5. Ask references to complete letters of recommendation on DICAS and target three reference letters that you want submitted to SFSU. Be sure to follow the directions on DICAS and enter the request for letters of recommendation in a timely manner so that reference writers have adequate time to complete the letters. SFSU requests the three reference letters be from faculty and/or managers/supervisors from different areas of dietetics, with the most important criteria being that the reference writers know the applicant well enough to be able to write a letter of recommendation that can speak honestly to the strengths and weaknesses of the applicant. Non-dietetics references' letters will also be accepted if the reference letter is relevant to the applicant's ability to successfully complete a dietetic internship program.
