Dietetic Internship Program Outcomes

1. The DI Program provides a positive learning experience for its interns. Over the last 5 years, 93% of dietetic interns rank the program as excellent or very good.
2. Interns in the program typically complete the program within the expected time frame for program completion. Over the last 5 years, 92% of interns completed the internship within the expected time frame, and 99% of interns completed the program within 150% of the expected time frame.
3. The DI Program prepares interns for a employment in dietetics. Over a 5-year period, 60% of graduates were employed in dietetics within 3 months of program completion, and 96% were employed in dietetics one-year post program completion (two unknown, one delayed employment in dietetics for personal reasons).
4. The DI Program prepares graduates to pass the Registered Dietitian Exam. In the last 5-years, 97% of graduates passed the exam on their first try, and 100% of graduates passed the exam within one year of program completion.

Year	# of Students taking exam for the first time	# of Students passing on their first try	First-Time Pass Rate	# of Students Passing within One Year of Their First Try	One-Year Pass Rate
2011	11	11	100%	11	100%
2012	14	14	100%	14	100%
2013	16	14	88%	16	100%
2014	14	14	100%	14	100%
2015	14	14	100%	14	100%
Current Five Years 2011-2015	69	71	97%	71	100%
